

Information on Smoking Cessation for the Clinician

Always Identify and Assess Tobacco Users in Your Practice

*Relapse prevention interventions are unnecessary for the adult who has not used tobacco in many years.

Adapted from Fiore MC, Jaén CR, Baker TB, et al. *Treating Tobacco Use and Dependence: 2008 Update*. Clinical Practice Guideline. Rockville, MD: U.S. Department of Health and Human Services. Public Health Service. May 2008.
